RE: Information Request Letter 308-18-009

Dear Ms. Cintron:

The U.S. Environmental Protection Agency, Region 4, has learned that a discharge of dredged and/or fill material has occurred in waters of the United States in wetlands adjacent to Bennett Swamp and the Tomoka River without a U.S. Army Corps of Engineers (Corps) Clean Water Act (CWA) Section 404, 33 U.S.C. § 1344, permit on property owned by Pelicano Crusher Corporation (Pelicano). The parcel, totaling approximately 4.36-acres, is located on the east side of Indian Lake Road at or near 1169 Indian Lake Road, in Volusia County, Florida (See Exhibits A and B of enclosed Information Request). According to our preliminary investigation, the discharge occurred sometime after September 12, 2017 in association with mechanized land clearing and filling for a commercial development.

The EPA is continuing to investigate Pelicano's compliance with the CWA. Therefore, pursuant to Section 308 of the CWA, 33 U.S.C. § 1318, the EPA hereby requests that Pelicano provide the information set forth in Enclosure A within thirty (30) days of receipt of this letter. Your response should be sent to:

Mr. Christopher Parker
U.S. Environmental Protection Agency, Region 4
Atlanta Federal Center
Marine Regulatory and Wetlands Enforcement Section
61 Forsyth Street S.W.
Atlanta, Georgia 30303

Failure to provide a full and complete response to this information request or to adequately justify a failure to respond within the time frame specified above may result in an EPA enforcement action pursuant to federal law, including, but not limited to 33 U.S.C. § 1319 and 18 U.S.C. § 1001.

If Pelicano believes that any of the requested information is Confidential Business Information (CBI), it may assert a business confidentiality claim with respect to such information in the manner described by 40 C.F.R. § 2.203(b). Information covered by such a claim will be disclosed by the EPA only to the extent, and by means of the procedures, set forth in Subpart B, Part 2, 40 C.F.R. § 2.201 *et seq.* Please separate documents that you wish to protect as CBI from non-confidential documents. Sending documents claimed as CBI electronically to the EPA is done at the risk of the claimant, as the EPA does

not have the capability to encrypt electronic information. The EPA requests that any such information be physically mailed to the address provided. If Pelicano does not assert a CBI claim, the EPA may make information submitted under this request available to the public without further notice to Pelicano. Additional information regarding the EPA's requirements for confidential treatment of information can be found in Subpart B, Part 2, 40 C.F.R. § 2.201 *et seq.*

We have also enclosed a document that provides information for small businesses that may be subject to an EPA enforcement action. This document is for your use and to assist you in understanding the compliance assistance resources and tools available to you. Any decision to seek compliance assistance at this time, however, does not relieve Pelicano of its obligation to the EPA nor does it create any new rights or defenses and will not affect the EPA's decision to pursue enforcement action.

If you have any questions concerning this matter, please contact Mr. Christopher Parker at (404) 562-9838 or have your attorney contact Mr. Matthew Hicks at (404) 562-9670.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Tom McGill', with a stylized flourish at the end.
